13 GOOD REASONS TO INSTALL A NEW ARA

1. Takes up very little space.
2. No maintenance required.
3. Works with no electric connection.
4. It doesn't require salts or other chemical products.
5. It is 100% eco-friendly, good for the health and good for the environment.
6. Prevents the closure of the pipes, heat exchangers, irons, washing machines, dishwashers, water heaters, etc..
7. Descaler old plants.
8. Extend the life of equipment.
9. Decrease operating costs.
10. Quickly pay for themselves.
11. No deposit of salts and occupancy of unnecessary space.
12. Treat the house, single apartment or condominium building in its entirety.
13. Is guaranteed for life.
